Copper Shaker

10BEST SAYS

Opened in 2017, this trendy cocktail lounge shakes up handmade contemporary, as well as traditional craft cocktails in an atmosphere whose décor includes bourbon barrel planks, copper splashes and an expansive granite-topped bar. The cocktail menu is eclectic, fun and "approachable." You'll also find an extensive whiskey list along with a variety of craft beers and barrel-aged spirits. Their rotating dining menu features a blend of locally sourced ingredients and tasty food with high-end tapas along with sharing plates with "seasonal influences." Favorites are the Mac and Cheese and Charcuterie Board. Tasting events take place most Tuesdays, Happy Hour is weekdays, Wednesdays features live music and a DJ takes over on the weekend.
